Dear Team,

As part of our ongoing efforts to optimize operational efficiency and reduce costs, effective immediately, the following policies will be strictly implemented:

### 1. No Overtime (OT) Allowed

- No overtime is permitted unless explicitly **approved 2 hours before** the requested time for OT.
- If in any case you need to work on rest day and/or holiday, **approval must be secured one day before** the scheduled rest day and/or holiday.
- All overtime must be justifiable, necessary, and intended solely for urgent matters that cannot be addressed within normal working hours. Overtime should only be approved when there is a genuine and immediate need, and all such instances must be properly documented and authorized.

### 2. Overtime Requests

- All overtime that may be needed must be **filed and approved at least 2 hours prior** to the expected rendering time.
- **Overtime approval** must originate from your **respective department head**.

### 3. Sick Leave

- Employees must notify and advise their supervisor **at least 2 hours prior** to their scheduled shift if unable to report to work due to illness.

### 4. Vacation Leave

- All vacation leave requests must be filed and approved **at least 10 working days prior** to the intended leave date.
- Requests should be submitted through the proper channels and approved by your department head.

### 5. Approval Documentation

- All approvals related to Offset Credit requests, Overtime, and Leave must be documented and secured through the **"DTR-Approval Vault"** Viber group.
- **No approval** is equivalent to **no authorization**—employees must obtain prior approval before filing any requests into the system. Additionally, **no payment** will be processed or made without the necessary authorization.
